

PROGRAMME ANNUAL SCIENTIFIC MEETING
INDONESIAN ASSOCIATION OF PATHOLOGISTS (IAPI) - THE INTERNATIONAL ACADEMY OF PATHOLOGY, INDONESIA DIVISION (INA-IAP)
HOTEL NOVOTEL BALIKPAPAN, FRIDAY - SUNDAY, 22TH- 24TH NOVEMBER 2019

Day/date 2019 November Room	Duration	Friday		Moderator	Day/date 2019 November Room	Duration	Saturday		Moderator	Day/date 2019 November Room	Duration	Sunday		Moderator
		22 November 2019					23 November 2019					24 November 2019		
		Ballroom BC					Ballroom BC					Ballroom 1		
08.30 - 09.30	60'	Opening of annual scientific meeting IAPI and exhibition		MC	08.30 - 09.10	40'	Lecture 6 What's new in 2020 WHO blue book on classification of tumors of the female genital tract (Blake Gilks)		Siti Amarwati, Wiwit Ade Fidiawati	08.30 - 09.00	30'	Lecture 12 Lung Cytology: Pitfalls and mimickers of lung cancer (Heriawaty Hidayat)		Hadi Irawiraman, Marini Stephanie
09.30 - 10.10	40'	Lecture 1 Precision Pathology: Genomics, artificial Intelligence and liquid biopsy (George Netto)		Meilania Saraswati, Ibnu T Alferraly	09.10 - 09.40	30'	Lecture 7 Ovarian cancer: understanding better borderline cases (Diana Lim)			09.00 - 09.30	30'	Lecture 13 Preparation of specimen and molecular targeted therapy for lung cancer: pathologist role and responsibility (Didik Setyo Heriyanto)		
10.10 - 10.40	30'	Lecture 2 Clinical autopsy in the new era (Jagdish Buttany)			09.40 - 10.10	30'	Lecture 8 Endometrial carcinoma: recent development (Philip Ip)			09.30 - 10.00	30'	Lecture 14 Pap smear: do not fall on these traps (Etty Hary K)		
10.40 - 11.00	20'	Coffee break			10.10 - 10.50	40'	PT Multisera Indosa (M. Rochimi) Scanning and analyzing anatomic pathology slides (coffee break service by hotel)			10.00 - 10.30	30'	Lecture 15 Salivary gland Cytology: Update according newest consensus (Lisnawati Rachmadi)		
11.00 - 11.20	20'	Lecture 3 Ethical issue in pathology (Syarifuddin Wahid)		Pieri Kumaladewi, Weny Yusnita	11.20 - 11.50	30'	Lecture 10 Recent trends in endocrine carcinoma of the breast (Tan Puay Hoon)		11.30 - 12.00	30'	Lecture 16 Pancreas Cytology: EUS-FNA pancreatic cytology-sytematical approach to proper diagnosis (Marini Stephanie)			
11.20 - 11.40	20'	Lecture 4 Role of pathologist to fullfil patient safety standards in limited setting (Endang SRH)			11.50 - 12.20	30'	Lecture 11 Bone and soft tissue Cytology (Sjahjenny Mustukoweni)		12.00 - 12.10	10'	Lecture 17 Efusion Cytology: 101 tricks for diagnosing efusion cytology sample (Agustina)			
11.40 - 12.40	60'	Lunch and Friday prayer break			12.20 - 13.00	40'	Lunch break			12.10 - 13.00	50'	Closing and lunch		
13.00 - 13.45	45'	Lecture 5 Genomic advances in urogenital malignancies (George Netto)		Meilania Saraswati, Lily Lucia Loho			Gynepath session (Ballroom B)		Breastpath session (ballroom C)					
13.45 - 14.00	15'	QA			13.00 - 13.45	45'	Gyne 1 Endometrial curretage: common misdiagnosed entities and strategies to recognize hallmark diagnostic features (Blake Gilks)	Tantri Hellyanti, Resti Arania	Breast 1 WHO 2019 update-overview and breast carcinomas (Tan Puay Hoon)		Primariadewi Rustamadji, Fairuz Quzwein			
		Clinical autopsy session			13.45 - 14.00	15'	QA		QA					
14.00 - 15.00	60'	Clinical autopsy 1 Clinical autopsy: A to Z for beginners (Jagdish Buttany)		Rina Masadah, Eka Susanto	14.00 - 14.45	45'	Gyne 2 Gestational trophoblastic diseases: morphological-based and molecular tests to a precise diagnosis (Dik Puspasari)		Breast 2 WHO 2019 update-topical issues (papillary lesions, FEL) (Gary M Tse)					
15.00 - 15.15	15'	QA			14.45 - 15.00	15'	QA		QA					
15.15 - 15.35	20'	Coffee break			15.00 - 15.20	20'	Coffee break							
15.35 - 16.05	30'	Clinical autopsy 2 Clinical autopsy in Indonesia: dealing with culture and regulations (Berti Julian Nelwan)		Rina Masadah, Ni Putu Sriwidyani	15.20 - 16.05	45'	Gyne 3 The use of special staining and biomarkes in problematic gynecological pathology cases (Philip Ip)	Endang Joewarini, Birgitta M Dewayani	Breast 3 Benign mimickers of breast carcinoma (Bethy S Hernowo)		Rizky Ifandriani Putri, Dyah Marianingrum			
16.05 - 16.35	30'	Clinical autopsy 3 The importance for pathology and reality (M Husni Cangara)			16.05- 16.20	15'	QA		QA					
16.35 - 16.55	20'	QA			16.20 - 16.50	30'	Gyne 4 Ovarian neoplasm: common problems in frozen section specimen and histopathology examination (Hartono Tjahjadi)		Breast 4 Clinicopathological significance of Indonesian TNBC and prognostic implication of TILs (Irianawati)					
17.00 - 18.00	60'	Residents oral presentation (research proposal)			16.50 - 17.00	10'	QA	QA						
18.00 - 19.00	60'	Free time			17.00 - 18.00	60"	Residents oral presentation (free paper)							
19.00 - 22.00	60'	Faculty Dinner (Speakers, PP IAPI, Kolegium, organizing committee)			18.00 - 19.00	60"	Free time							
					19.00 - 22.00	180"	Gala Dinner (all participants) and Graduation of new Pathologist
